Welcome

[Welcome to the User Connection!](#)

The Yokogawa User Connection is a forum for North American users to exchange experiences using Yokogawa products and solutions and/or to ask for suggestions in using automation equipment. Various technical documents and previous conference presentations are also provided.

[Become a Member - Yokogawa Corporation of America's User Group](#)

To become a member of the User Connection, you must be a **current user, integrator or representative** of Yokogawa products and solutions .

To become a member, please send an E-mail to Bruce Jensen at Bruce.Jensen@us.yokogawa.com. An access password will be sent to you upon approval.

If you are already member, please login.
