

OpreX™ QHSSE Management

Quality Management System

Modern eQMS Tailored for Highly Regulated Industries

OpreX Quality Management System is a modern platform purposely-built for highly regulated industries. Built on ServiceNow and delivered by Yokogawa, it helps QA and compliance teams digitize, automate, and scale their quality processes; from CAPA and Audits to Training and Change Control. With built-in validation, role-based access, and AI-ready architecture, OpreX QMS enables faster compliance, better traceability, and true cross-functional alignment.

Covered Industries

Core Capabilities
