Precision Engineering, Inc. joins Yokogawa's VigilantPlant® Solutions Partner Program

Yokogawa Corporation of America is pleased to announce that Precision Engineering, Inc. has joined its new VigilantPlant® Solutions Partner Program (VPS Partner Program). The VPS Partners program creates a collaborative partnership with select System Integrator's (SI's) to deliver Yokogawa's best in class industrial automation solutions to the process industry. As a trained integrator, PEI will deliver Yokogawa's VigilantPlant Solutions portfolio including the industry's most reliable portfolio of DCS, PLC, RTU products, as well as, advanced application software solutions. Support comes from some of the leading industry experts, both domestic and from our group companies around the globe, which have executed and supplied over 20,000 control systems worldwide.

"PEI has an outstanding reputation in the gulf region and nationally. They make an excellent VPS partner because their primary commitment is to achieve total customer satisfaction by assisting them in implementing technologies that meet or exceed requirements, says Roger Van Nuis, GM Indirect Channels."

About PEI

Precision Engineering is a dynamic engineering company dedicated to providing quality engineering services. PEI is a full service multi-discipline engineering firm specializing in Control System, Instrumentation and Electrical design services. Precision Engineering has been in business for over 18 years and has registered Professional Engineers in the states of Alabama, Mississippi, Georgia, Florida, Louisiana, and South Carolina. Precision Engineering has extensive experience in the engineering design business for the specialty chemicals, refining, oil, gas, automotive, pharmaceutical, marine, water, waste water, transportation, discrete manufacturing, and pulp and paper industries. All of their team members have actual "hands on" project and plant experience. For more information about Precision Engineering, Inc. visit <http://www.precision-eng.com/>

About Yokogawa Corporation of America

Yokogawa Corporation of America is the North American division of Yokogawa Electric Corporation and a key part of Yokogawa's global network of 25 manufacturing facilities and 80 companies spanning 54 countries. Since its founding in 1915, the US \$3 billion company has been engaged in cutting-edge research and innovation, securing more than 7,200 patents and registrations, including the world's first digital sensors for flow and pressure measurement. Industrial automation and control, test and measurement, information systems and industry support are the core businesses of Yokogawa.
