Notes on the User's Manual

- This user’s manual should be readily accessible to the end users so it can be referred to easily. It should be kept in a safe place.
- Read the information contained in this manual thoroughly before operating the product.
- The purpose of this user’s manual is not to warrant that the product is well suited to any particular purpose, but rather to describe the functional details of the product.

Safety, Protection, and Modification of the Product

The following symbols are used in the product and user’s manuals to indicate safety precautions:

“Handle with Care” (This symbol is attached to the part(s) of the product to indicate that the user’s manual should be referred to in order to protect the operator and the instrument from harm.)

Protective grounding terminal

Functional grounding terminal (Do not use this terminal as a protective grounding terminal.)

Alternating current

Direct current

- In order to protect the system controlled by this product and the product itself, and to ensure safe operation, observe the safety precautions described in this user’s manual. Use of the instrument in a manner not prescribed herein may compromise the product's functions and the protection features inherent in the device. We assume no liability for safety, or responsibility for the product's quality, performance or functionality should users fail to observe these instructions when operating the product.
Installation of protection and/or safety circuits with respect to a lightning protector; protective equipment for the system controlled by the product and the product itself; footproof or failsafe design of a process or line using the system controlled by the product or the product itself; and/or the design and installation of other protective and safety circuits are to be appropriately implemented as the customer deems necessary.

Be sure to use the spare parts approved by YOKOGAWA when replacing parts or consumables.

This product is not designed or manufactured to be used in critical applications that directly affect or threaten human lives. Such applications include nuclear power equipment, devices using radioactivity, railway facilities, aviation equipment, air navigation facilities, aviation facilities, and medical equipment. If so used, it is the user's responsibility to include in the system additional equipment and devices that ensure personnel safety.

Modification of the product is strictly prohibited.

**Power Supply**

Ensure that the instrument's supply voltage matches the voltage of the power supply before turning ON the power.

**Protective Grounding**

To prevent electric shock, always confirm that protective grounding is connected before turning ON the instrument's power supply.

**Necessity of Protective Grounding**

Do not cut off the internal or external protective grounding wire or disconnect the wiring of the protective grounding terminal. Doing so renders the protective functions of the instrument invalid and poses a potential shock hazard.

**Defects in Protective Functions**

If protective functions such as grounding are suspected to be defective, do not operate the instrument. Ensure that all protective functions are in working order before operating the instrument.

**Do Not Use in an Explosive Atmosphere**

Do not operate the instrument in locations with combustible or explosive gases or steam. Operation in such environments constitutes an extreme safety hazard. Use of the instrument in environments with high concentrations of corrosive gas (H₂S, SOx, etc.) for extended periods of time may cause a failure.

**Do Not Remove Internal Unit**

The instrument's case should not be removed by anyone other than YOKOGAWA's service personnel. There are dangerous high voltage parts inside.

**External Connection**

Ensure that protective grounding is connected before connecting the instrument to the device under measurement or to an external control circuit.

**Damage to the Protective Construction**

Operation of the instrument in a manner not specified in this user's manual may damage its protective construction.

### Notes on Software

- YOKOGAWA makes no warranties, either expressed or implied, with respect to the software's merchantability or suitability for any particular purpose, except as specified in the terms of the separately provided warranty.
- This software may be used on one specific machine only.
- To use the software on another machine, the software must be purchased again separately.
- It is strictly prohibited to reproduce the product except for backup purposes.
- All reverse-engineering operations, such as reverse compilation or the reverse assembly of the product are strictly prohibited.
- No part of the product's software may be transferred, converted, or sublet for use by any third party, without prior written consent from YOKOGAWA.

### Handling Precautions for the Main Unit

- The instrument comprises many plastic components. To clean it, wipe it with a soft, dry cloth. Do not use organic solvents such as benzene or thinner for cleaning, as discoloration or deformation may result.
- Keep electrically charged objects away from the signal terminals. Not doing so may cause the instrument to fail.
- Do not apply volatile chemicals to the display area, operation keys, etc. Do not leave the instrument in contact with rubber or PVC products for extended periods. Doing so may result in failure.
- If the equipment emits smoke or abnormal smells or makes unusual noises, turn OFF the instrument's power switch immediately and unplug the device. In such an event, contact your sales representative.

(2) The Package Software Product herein shall include; without limitation, a software program, font, data base, data put into fill-in-the-form, instruction manual, functional specifications, materials related thereto image, photograph, animation, video image, sound, music, text all of which are incorporated into software component (program) and apiptel, (“apiptel” means software component (program) incorporated into text or icon.)

2. Terms and Conditions of License
(1) Yokogawa grants you, for the purpose of your own use, non-exclusive and non-transferable license of the Package Software Product on designated computer agreed by both parties in consideration of the license fee agreed separately by the both parties.
(2) You are, unless otherwise agreed in writing by Yokogawa, not entitled to sell, lend, distribute, transfer or sublicense, or if any, pledge the Package Software Product. You shall not use Package Software Product on other computer than the designated one through wide area network, either, including but not limited to intranet, internet, local area network and wide area network.
(3) The Package Software Product shall not be copied in whole or in part except keeping one copy for back-up purpose unless otherwise agreed in writing by Yokogawa in advance. You shall store and manage the copy or duplicate of the Package Software Product in strict confidence and with utmost care.
(4) You shall not and shall not have any third party, including the end user, alter, decompile, disassemble, decrypt, extract or otherwise reverse-engineer the Package Software Product or create any derivative works thereof. Unless otherwise separately agreed by Yokogawa, Yokogawa has no obligation to provide you with the source code for the Package Software Product.
(5) The Package Software Product including all proprietary technology, algorithm, and know-how such as a factor, invariant or process contained therein shall be the proprietary property or trade secret of Yokogawa or a third party which grants Yokogawa the rights.
(6) The proprietary property and/or trade secret as defined in the preceding Article 2.(5) shall not be published or disclosed to any third parties except for your limited employees or equivalents thereto who need to have access thereto. You are also required to impose no less stringent confidentiality obligation than herein on them.
(7) Yokogawa may use or add copy protection in or to the Package Software Product. In no event shall you remove or attempt to remove such copy protection.
(8) The Package Software Product and the all copy and duplicates thereof shall be returned to Yokogawa or the party designated by Yokogawa immediately after the expiration or termination of this Agreement. Alternatively, if Yokogawa requires in writing to you that all the Package Software Product is destroyed or disposed, all the information therein shall be deleted completely.
(9) The Package Software Product may include software program of a third party (hereinafter called “Third Party Software”, which may include any software program made and provided by Yokogawa’s affiliate) granting Yokogawa the right to sublicense. In the case the different terms and conditions from this Agreement shall apply to Yokogawa’s sublicense of such Third Party Software, you shall observe such terms and conditions of which Yokogawa notifies you in writing separately.
(10) You shall not subject the Package Software Product, in whole or in part, to any license obligations associated with Open Source Software. “Open source software” means any software that requires as a condition of use, modification or distribution of such software (i) to be disclosed or distributed in source code form, or (ii) to be licensed by the user to third parties for the purpose of making or distributing derivative works, or (iii) to be distributed at no charge. Open Source Software includes, without limitation, software licensed or distributed under any of the following licenses or distribution models, or licenses or distribution models similar to any of the following: GNU’s General Public License (GPL), Lesser/Library GPL (LGPL), the Artistic license (e.g. PERL), the Mozilla Public License, the Netscape Public License, the Sun Community source License (SCSL), the Sun Industry Source License (SISL), the Apache Software License and the Common Public License (CPL), or the Berkeley Software Development (BSD).

3. Limitation for Specific Uses
(1) Unless otherwise agreed by both parties in writing, the Package Software Product shall not be intended to be specifically designed, manufactured or distributed for the purpose of operation of any aviation, vessel, support of those operations from the ground, or for any design, construction, maintenance, operation and/or use of nuclear products and/or facilities.
(2) Even if you use the Package Software Product for the purpose of preceding Article 3.(1), Yokogawa disclaims any responsibilities, warranties, liabilities, claims or damages whatsoever similar thereto arising out of the use or operations of the Package Software Product for such purpose and you shall indemnify and hold harmless Yokogawa including without limitation its officers, employees, sales representatives, and their officers and employees, from any claim, suit, demand, damage, and similar thereto (including reasonable attorneys’ fees).

4. Warranty
(1) During the warranty period defined in this Article 4.(4) below (hereinafter called “Warranty Period”), Yokogawa warrants that the Package Software Product shall properly function in accordance with the Instruction Manual or Functional Specifications of Yokogawa, on the hardware under the environmental or other conditions designated by the vendor of such hardware or by Yokogawa. However, in no event shall Yokogawa warrant the following under any operating environment and circumstance.
The Package Software Product;
   a) will never be interrupted
   b) will never be free from defect
   c) will be completely corrected
   d) will be free from any cross interference such as cross conflict with other software program
   e) will satisfy your or your customer’s any particular and/or prospective purpose
   f) will be accurate, correct, reliable or most up-dated
(2) During the Warranty Period, if the Package Software Product fails to operate in accordance with the steps of the instruction manual or functional specifications attributable to Yokogawa, or if defect(s) such as damage of a media of the Package Software Product attributable to Yokogawa is found, Yokogawa agrees to either repair or replace, free of charge, any Package Software Product which shall be returned to Yokogawa’s nearest authorized service facility immediately at your expense; where delivery point hereunder of the Package Software Product is outside of Japan, re-import tax and other charges shall be also borne by you. Further, in the case that repair or replacement of the Package Software Product requires additional works such as loading of the same at the site by Yokogawa or any person designated by Yokogawa is needed, such cost and expense for the works shall be borne by you and you shall initialize or shut down the system and other related system, products or equipment, if deemed necessary at Yokogawa’s sole judgment.
This Agreement shall become effective from the date when you receive the Package Software Product and continues in effect unless or until early terminated as provided in Yokogawa's prior written consent.

You shall not (a) modify, remodel, combine with other software or products, or cause any deviation from the basic specifications or functional specifications, without Yokogawa's prior written consent; (b) copy or reproduce the Package Software Product or any modified version thereof; (c) rent or lease the Package Software Product for any purpose other than set forth in the Instruction Manuals etc.; (d) make copies (including backup copies) of the Package Software Product except for use by you and your customer; (e) export the Package Software Product or any modified version thereof from the country to which the Package Software Product was imported or exported; (f) use the Package Software Product in any country other than designated in the Quotation or Functional Specifications agreed by both parties.

Yokogawa shall have no liability to your damage unless or until you are not the End User, and that Yokogawa's liability to your damage shall not exceed the price amount of the Package Software Product Yokogawa received. It is specifically agreed by both parties that Yokogawa shall not be responsible for any claim of infringement in the preceding Article 7.(1) if based on: (a) use of other than the latest version of Package Software Product made available to you, if the infringement would have been avoided by use of such version; (b) combination or use of Package Software Product with software or program not furnished by Yokogawa if such infringement would have been avoided by use of Package Software Product with Yokogawa software or program alone; or any other cause of defect not attributable to Yokogawa.

The Warranty Period shall be the twelve (12) month period from the date when Yokogawa complete the delivery at the place designated by you (including your customer) or you or your customer use part or whole of the Package Software Product for the operation, whichever comes first, unless otherwise agreed in writing by Yokogawa.

Under separate maintenance contract, Yokogawa may conduct maintenance service for the Package Software Product, at the expense of you even after the Warranty period. The maintenance service for the Package Software Product shall be classified into those of standard software, customized software.

The maintenance service for the Package Software Product shall not be available to you including warranty period, of such third party provider shall apply.

Revision-Up Package Software

When you receive the revision-up of the Package Software Product which is substituted for or is added to the Package Software Product ("Revision-Up"), you can install such Revision-Up in the computer(s) on which you use the Package Software Product. Furthermore, the Revision-Up shall be considered as the Package Software Product and you shall agree to comply with the terms and conditions of this Agreement in order to use the Revision-Up.

If you are not the End User

If you are not the end user of the Package Software Product, you shall present the terms and conditions of this Agreement to your end user and cause your end user to observe such terms and conditions. If Yokogawa incurs damage due to your end user's breach of such terms and conditions as set forth herein, you shall indemnify and hold Yokogawa harmless as set forth herein above. In this case, it is the end user that is granted the license of the Package Software Product by Yokogawa and if you are not the end user, you shall transfer the possession of media and related materials of the Package Software Product to your end user.

Intellectual Property Infringement

If and when any third party should demand injunction, initiate a law suit, or demand damages against you under patent right, utility model right, design patent right, trademark right, copyright and/or any other right relating to any of the Package Software Product including but not limited to its related materials, you shall notify Yokogawa of that effect in writing without delay. In case of preceding Article 7.(1), you shall assign to Yokogawa all of the rights to defend you, to negotiate and to settle with the claiming party. Furthermore, you shall provide Yokogawa with necessary information or any other assistance for Yokogawa's defense and negotiation. If and when such a claim should be attributable to Yokogawa, Yokogawa shall defend you and negotiate with the claiming party at Yokogawa's cost and expense and be responsible for the final settlement or judgment granted to the claiming party in the preceding Article 7.(1).

Provided, however, that Yokogawa shall have no liability for any claim of infringement in the preceding Article 7.(1) if based on: (a) use of other than the latest version of Package Software Product made available to you, if the infringement would have been avoided by use of such version; (b) addition to Package Software Product of any other software or program not advised or recommended by Yokogawa, if the infringement would have been avoided without such addition; (c) the combination or use of Package Software Product with software or program not furnished by Yokogawa if such infringement would have been avoided by use of Package Software Product with Yokogawa software or program alone; or any other cause not within the control of Yokogawa.

When any assertion of the infringement of third party's right defined in Article 7. (1) is made or when, at Yokogawa's judgment, there is possibility of such assertion, Yokogawa will, at its discretion and not obligation, take any of the following countermeasures at Yokogawa's cost and expense. (a) To acquire the necessary right from a third party which has lawful ownership of the right so that you will be able to continue to use the Package Software Product; (b) To replace the Package Software Product with the one, which avoids the infringement; (c) To remodel the Package Software Product so that the Package Software Products can avoid the infringement of such third party's right; or (d) If and when Yokogawa fails to take either of the countermeasures set forth in a. through c. above, Yokogawa shall indemnify you only by paying back the price amount of the Package Software Product, which Yokogawa has already received.

Limitation of Liability

If and when you incur any damage relating to the Package Software Product Yokogawa provided to you under this Agreement, due to the reason attributable to Yokogawa, Yokogawa shall take actions in accordance with this Agreement. However, in no event shall Yokogawa be responsible for any indirect damage, consequential damage, punitive damage and/or special damage, including without limitation, loss of operational profit, loss of interruption of your business, and loss of business information and that Yokogawa's liability to your damage shall not exceed the price amount of the Package Software Product Yokogawa received. It is specifically agreed by both parties that Yokogawa shall be released and discharged from part or any and all of the liability and responsibility under this Agreement if you (including the case you have any third party undertake to) modify, remodel, combine with other software or products, or cause any deviation from the basic specifications or functional specifications, without Yokogawa's prior written consent.

Term

This Agreement shall become effective from the date when you receive the Package Software Product and continues in effect unless or until early terminated as provided in Article 12 hereof, either party gives thirty (30) days prior written notice to the other party or you cease using the Package Software Product by itself.

Injunction for Use

During the term of this Agreement, Yokogawa may, at its own discretion, demand an injunction against you and your customer in case Yokogawa deems the Package Software Product is used improperly or under severer environments than those Yokogawa first granted or any other condition which Yokogawa may not permit.
11. Confidentiality Obligation
(1) You agree that the structure, organization and code of the Package Software Product are the valuable trade secrets of Yokogawa or third party which grants Yokogawa the rights and the Package Software Product contains other proprietary information and know-how of Yokogawa and its third party, which may be disclosed for the purpose of license granted hereunder. You shall not divulge any of such trade secrets, information and know-how to any third party without Yokogawa's consent and shall not use for any purpose other than license use.
(2) You shall maintain the Package Software Product, its media, any printing material and any copy thereof in strict confidence and with utmost care to comply with the said secrecy obligation and protect the right of Yokogawa and third party which grants Yokogawa the rights.

12. Termination by Cause
Yokogawa may immediately terminate this Agreement without any notice or demand to you, if you breach any of the terms and conditions of this Agreement. However, Articles 2.(4), 2.(6), 2.(8), 7, 8, 11 and 12 shall survive even after the termination.

13. Governing Law and Arbitration
(1) This Agreement shall be governed by and construed in accordance with the laws of Japan.
(2) All disputes, controversies or differences which may arise between the parties hereto, out of or in relation to or in connection with this Agreement shall be finally settled by arbitration in Tokyo, Japan in accordance with the Commercial Arbitration Rules of the Japan Commercial Arbitration Association. The arbitration is conducted in the Japanese language. The award rendered by the arbitrator(s) shall be final and binding upon the parties hereto.
