■ Overview
This is an example or wiring and settings using the UTAdvanced Quick Setting function for "temperature control in an electric furnace with an SCR (thyristor)." For more details, see the user's manual.

■ Relevant models
Standard models of the UT32A, UT35A, UT52A, and UT55A.

Settings

To set PID control, thermocouple type K (range 0.0 to 500.0°C), and current control output (4 to 20 mA), set the parameters below.

1. Select the desired parameter with the UP or DOWN key
2. Press SET/ENTER (the setting value blinks)
3. Change the setting with the UP or DOWN key
4. Press SET/ENTER to set the new value (the setting value stops blinking but remains bright)

- Redoing the quick setting

Once functions are configured with the Quick Setting, the Quick Setting function will not appear after you restart. However, you can redo the Quick Setting by following the procedure below.

1. Set the Quick Setting parameter QSM to ON, and re-engage power.
2. Set the PV input type parameter IN to OFF, and re-engage power.

Press SET/ENTER to accept the "YES" option.

Quick Setting starts

First, the control type parameter CNT appears.
Set CNT (control type) to PID (initial value).

OFF is displayed for IN (the PV input type).

Set IN (PV input type) to thermocouple type K3.
(K3 = -200.0 to 500.0°C)

Set UNIT (PV input unit) to C: Celsius (initial value)
6. **MAXIMUM VALUE OF PV INPUT RANGE**
   - RH: 500.0°C
   - Set RH (maximum value of PV input range) to 500.00°C (the initial value).

7. **MINIMUM VALUE OF PV INPUT RANGE**
   - RL: 0.0°C
   - Set RL (minimum value of PV input range) to 0.0°C (the initial value).

8. **OUTPUT TYPE SELECTION**
   - OT: 00.02
   - Set OT (output type selection) to 00.02: OUT terminal (current 4 to 20 mA).

9. **CONTROL OUTPUT CYCLE TIME**
   - Ct: 30.0
   - Skip this parameter (not relevant).

10. **FINISH**
    - EXIT: YES
    - Finally, EXIT is displayed. Select YES and press SET/ENTER to complete the basic function setup and return to the operating screen. Or, you can select NO to continue with the Quick Setting.
